Local Dental Practice Offers Free Services

On Friday, October 13, Dr. Chad Silvertooth and his staff will be holding a free dental clinic to assist local patients in need of dental care. Basic procedures such as fillings and extractions will be the main focus. The free services are available to those in need on a first come, first served basis.

Team member Margie McEachern says she is looking forward to an opportunity to give back to the community. "The patients we treat are truly grateful and I am proud to be a part an event like this in my community."

This year Dr. Silvertooth will be joined by Dr. Scott Upchurch, and Dr. Trey Latiolais, both friends and fellow dental school classmates. "The last time we held our free clinic we were able to see around 40 patients with three dentists. This year we hope to be in that ballpark again, but space will be limited." said Dr. Silvertooth. "Our goal is to work as hard as we can to help as many people as we can and I am very grateful to have two trusted dentists who have agreed to work with us."

Dental assistant Yadira Torres participated in the last free clinic and will be on hand to help again this year. "It was an amazing experience where our whole office worked as a team to help people in need and I am really looking forward to seeing what we will be able to do again this year."

Dr. Silvertooth says his motivation for offering services at no charge stems from his faith and love of his community. "I count it a blessing to be able to give back to the community who has given me so much. I work with a fantastic team of people who truly want to be a blessing to everyone they see. Free day gives all of us an opportunity to make a difference in the lives of people who might otherwise not seek treatment and we are happy to do it."

Morchat & Silvertooth Dental is located at 5140 FM 1252 W. Kilgore. The first patients will be seen at 8:30 and receive treatment on a first come, first served basis.
